

Ok This is what i was trying to do i want to roll my own distro based off of Ubuntu.

I was wondering how do i change the text in the Linux operating system (Ubuntu) to the name i pick for my distro Example (MYOS).

Here i some Examplpes when Ubuntu boot it says Ubuntu on the first install page. (picture below)

changing the Ubuntu – Linux Mint Kernel text to (MYOS)

changing the About Ubuntu text to (MYOS) in the system menu.
